MATSIMELA NEW AMENITIES AND IN-ROOM SPA LINE

MATSIMELA NEW AMENITY LINE

All products are bio-degradable and eco-friendly; meaning products are kind to the body and the environment. In addition to leaving your skin feeling perfectly cleansed and ultra-moisturized, our products will leave the consumer with a clear conscience! Contains no artificial colourants, preservatives or stabilizers.

MATSIMELA NEW IN-ROOM SPA LINE

All products have been created with a difference, with YOU in mind.

Containing no parabens and harsh chemicals, for an absolute ‘spoil me’ - use MatsiMela In-Room Spa Products as a form of relaxation or ‘get up and go’, in the absolute privacy of your own home or hotel room. Be well!

AMENITIES LINE

EXFOLIATING BODY WASH

A naturally derived, refreshing, exfoliating yet moisturizing shower gel containing mild sugar based cleansers and eco-cert jojoba wax beads to gently buff the skin ensuring a fine polished result.

BODY CRÈME

A naturally derived lotion containing a high percentage of shea butter. Shea butter is renowned for its incredibly moisturizing and healing properties and so true that it's the skin's best friend! Vitamin A in shea butter is the miracle worker literally transforming dry itchy skin conditions. Over and above this, beautiful natural emollients have been added to the crème, making it not your average moisturizer.

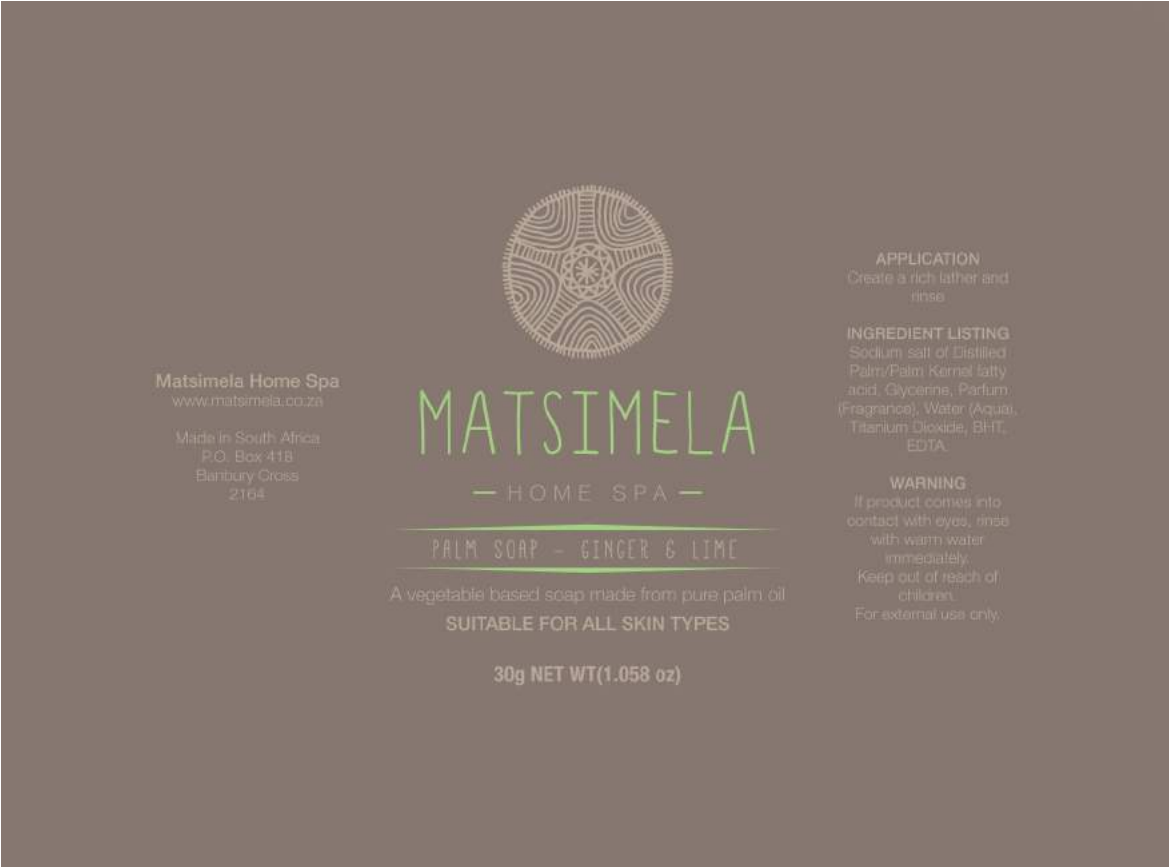

SHAMPOO

A naturally derived, shampoo containing D Panthenol. Panthenol is a B vitamin derivative used in many hair products used to strengthen hair shafts, resulting in thicker, healthier-looking hair and a reduction of split ends. Another listed ingredient is Lamesoft, derived from coconut and sunflower oil; Lamesoft PO 65 is a high performance additive that supports moisturization claims in surfactant based products.

CONDITIONER

A naturally derived conditioner containing Plantaquat NC offering hair conditioning properties, plus creating volume and protecting against hair breakage. In addition the conditioner contains an interesting, specialized ingredient called Puricare – this is a blend of Water, Glycerin and Moringa Pterygosperma Seed Extract. This acts as an anti-pollution and conditioning agent. Possessing protecting, repairing and strengthening properties.

AMENITIES LINE

PALM SOAP

GINGER & LIME | BAOBAB SEED

A naturally derived palm soap made from pure palm oil sourced from an ethically sustainable plantation in Malaysia. Palm oil is a vegetable based product and is very high in palmitic acid which makes the soap hard and long lasting opposed to a glycerine base that will disappear after a few usages. Palm oil is hypoallergenic making it a great, safe product.

IN-ROOM SPA LINE

BRONZING CREAM

A light based, easy to apply lotion intended to beautifully bronze the skin. Containing a blend of specially chosen pigments to bronze fair to darker skins, this product will leave the skin feeling soft and silky but with a gorgeous even application.

SLEEP EASE PILLOW SPRAY

A light water based pillow spray containing a high percentage of soothing lavender. Feeling tired but just can't doze? Matsimela's sleep ease spray will assist in a restful, well-deserved night.

MOISTURE + MASSAGE OIL

A rich African oil with Ubuntu essential oils to replenish dry skin. Containing a high percentage of Avo oil as its main carrier, including baobab oil, Ubuntu mafura butter and sweet almond oil, this product will hydrate and replenish dry skin leaving it soft and moisturized.

REVITALIZE LEG AND FOOT GEL

A refreshing light based gel containing targeted actives to revitalize tired legs and feet after a long tiring day.

Containing LegActiv, a special blend of essential oils, this product will thoroughly revitalize the skin. Apply sparingly onto legs and feet that need to get up and go!

MUSCLE EASE MASSAGE OIL

A rich African oil with Ubuntu essential oils and de-stress actives to ease pain and any associated tension in the muscles. Containing a high percentage of Avo oil as its main carrier, including lemongrass oil, arnic A, eucalyptus and sweet almond oil, this product will destress and leave the skin feeling soft and moisturized.

IN-ROOM SPA LINE

AFRICAN EXFOLIATING MUD

One of Matsimela's flagship products, an authentic African exfoliating mud containing a natural silica which gently exfoliates as well as creating a natural oil layer on the skin thereafter. The product contains a high percentage of Ubuntu oils including pure marula oil to thoroughly moisturize and beautify the skin.

AFRICAN KALAHARI SALT SCRUB

A raw organic African Kalahari salt scrub for an all over body exfoliation. This product is a decadent blend of pure unrefined grapeseed oil, fragrance as well as jojoba oil. Use to exfoliate dry skin and again be moisturized at the same time.

MOISTURE + BODY BUTTER

A rich African shea based body butter with pure baobab oil and targeted actives to thoroughly moisturize dry skin and combat the effects of our harsh African climate. Containing special emollients specifically targeted for dry skin, your body will feel replenished, soft and smooth.
